### MISSION : TRAIN AND EMPOWER THE UNDER SERVED

BEST is to deploy best possible methodology and technology for achieving ideal SROI (social return on investment), to practice and promote good governance. To link business competitiveness of the corporate with social development initiatives; also to sensitize privileged children, youth and citizens in general to promote Civic Driven Change.

### VISION : TRANSFORMING LIVES

BEST works with and for children, women, families and the community to bring a permanent change in the lives of the underprivileged in terms of education, basic hygiene and rights, with the belief that all human beings are equal and have the right to equal opportunity.

With the help of donors, we mobilize resources for causes like health and rehabilitation, literacy, welfare of children, women and youth empowerment, which also includes a learning and development facility to increase employability via skill development programs.

### OBJECTIVES:

- To promote the concept of National integrity, particularly the unity and integrity of all Castes, Communities and Religions
- To establish Educational and other allied institutions to impart education at all stages for the benefit of the youngsters- The Minority communities' in particular, in National interest.
- To establish training institutes to promote awareness through programs like Computer education, Industrial /Vocational Training and skill development.
- To conduct health awareness programs on health and hygiene, family planning, prevention of AIDS, Eradication of Leprosy, Tuberculosis, Hepatitis-B, Polio and other deceases.
- To establish Hospitals, Primary Health Care Centers in the Backward, Rural and Tribal areas.
- To establish shelters for children and women for the deserving poor orphaned children, Destitute and neglected are kept in the homes for the children, widows, divorcees, untreated parents, neglected women are kept in care centers, where they will have the vocational training also.
- To work for the welfare of the weaker sections in general and the Schedule Castes and Tribes in particular.
- To develop the rural villages for poorest and weaker sections, community development and elimination of un-touchability and support to improve culture in the backward villages.
- To establish libraries for promoting education at all stages; and to conduct Adult education centres also.

- To work for agricultural development, providing infrastructure and training facilities to the farmers especially in the backward areas and upland areas with the help of Government and private agencies.
- To provide drinking water facility and develop awareness in Sanitation and hygiene in the society.
- To promote Rural women and for their empowerment through self-sustained goals.

Bhushan Educational Society of Tadepalligudem (BEST) was established in 2001 by a group of Educationists with rural background and are interested in the field of Education, Humanitarian and Rural development services. It was registered as Society under Indian Societies Registration Act XXI of 1860.

BEST was created to work exclusively in the Backward and Tribal areas of West Godavari District in Andhra Pradesh, with a special focus to help Dalit and Backward communities to overcome poverty and to get sustainability with good living standards. It has been an uphill battle for BEST, confronting the social, economic and political realities within which the NGO sector is operating. However, given these limitations, BEST has been attempting to explore various possibilities especially by providing Education, in becoming more relevant to the needs of the disadvantaged poor in West Godavari and its neighbouring districts in Andhra Pradesh.

Our Society is running its own colleges for B.Ed Teacher Educator Trainees since 2001 May, in its own premises with the Recognition from NCTE, New Delhi and affiliated Andhra University and Adi Kavi Nannayya University and successfully trained 16 batches of Teacher Educators who are almost 1600 in number. The society also running One D.Ed College and have trained

More than 1350 D.Ed students successfully and almost 90% of the students absorbed into Teaching profession in private and State Government schools.

The colleges are very well reputed at the District level for its discipline and for the quality Training its extending to the Student community.

Apart from running Educational institutions the Society has involved itself into Social Work through Community Development, Women Empowerment awareness programs, Innovative Digital Education programmes to the Elementary and Upper Primary school children at District level, Conservation of Environment programmes by encouraging the society through Plantation and Awareness programs, Organising Awareness Camps and Seminars to Educate and create awareness in establishing Small and Medium industries through programs supported by the MSME to Professional Students like MBA's, Encouraging and extending training facilities to the SHG groups, Women in particular and other activities like supporting Aged Parents who are being neglected, street children and involving ourselves in Disaster Management like.. Tsunami rehabilitation, Cyclone effected and fire victims etc. And the Society is looking to enter the Tribal Area which is nearby to Educate, Develop and create infrastructure like Residential schools and Water & Sanitation facilities.

The community development activities apart from the regular Educational activities undertaken by Bhushan Educational Society of Tadepalligudem-(BEST) during the year 2015-16

Sl.No	Program	Target Group	Total Population/Villages
1	Orientation programmes on Soft skill development	Selected MBA ,MCA and	655 members benefitted Tadepalligudem Town

		Engineering students	
2	Awareness programmes on SANITATION, CLEANLINESS & HYGEIN	Rural sanitation Village communities	650 benefitted / 3 awareness camps organized
3	SWACHH BHARATH	Village Rural colonies	120 citizens benefitted from municipal wards inTadepalligudemTown
4	Health Camps With the Ashram Medical college,Eluru Team support	Villages	2760 people attended In 8 villages in 2 mandals
5	Feed the Patients	Government General Hospital Tadepalligudem	160 patients were given Bread milk, biscuits and water bottles
6	Aids Day & Cancer prevention Rallies	Public awareness	More than 1100 people attended in two Rallies in the heart of the Town at Tadepalligudem

- As part of declining the strength of child labour in target areas, about 1,050 children belonging to underprivileged sections i.e., very poor, HIV/AIDS infected, orphans/semi-orphans, physically challenged and fire victims have been provided primary educational supplies i.e., school uniform, bags, study and sports material, tuition fee and dining material in 3 mandals namely, Tadepalligudem, Nallazerla and Nidadavole Mandals.
- During Tsunami-2004 and Polavaram Floods-2007, BEST had initiated relief activities and supported food, health and medical services in total 5 Mandals by its relief camps and B.ED , D.Ed and MBA and MCA students. More than 10 peoples were served with provisions, clothes

- School social workers play a vital role in addressing the various needs of students in an educational setting. ... Their roles can vary from student to student, providing a variety of experiences on a daily basis. Hence it is decided to Start a wing with our own students to start a social workers Team with all training in the name & style of 'OUR SOCIETY' 4 teams with minimum 15 people in the group with 3 ladies participation in each group and will be sent to the required areas as part of disaster management

We need to keep up this work, day after day. We need to reinforce our position while remaining united and committed to our mission. At the same time, we must keep in mind that our organization does not exist on its own, but through the interaction and integration of the people who are part of it. It is our reason for being: people.

Those that we are committed to helping. Those who trust us, who support and fund us, and last but not least, all those who are the arms, legs, head and heart of our organization: our employees and collaborators around us.

In conclusion, I would like to once again thank all our teams for the assistance they have brought to all those who call on us, for their programs for addiction prevention and treatment, health promotion, education and vocational training, reception and support for neglected parents and refugees, help for homeless and transient people, assistance for struggling youth, and HIV/AIDS prevention and for the care of their children.

To all, thank you...
